[Republican A. P. Leased Wire]

NEW YORK, Sept. 8.—The upward movement in the stock market was halted today, shorts renewing aggression partly as a result of foreign advances which bore more or less directly on home markets.

Private cables from London hinted another crisis in the Irish situation, although this was not reflected in the British exchange rate. The collapse of marks to virtually the lowest quotation since the armistice, however, directed attention to Germany's strained economic condition. Unsettled in the local cotton market, where options suffered another setback, also served to restrain bullish operations. In financial circles, the reversal was regarded as a logical reaction from the recent extraordinary advance.

Grains exceeded recessions at the outset, but market leaders soon developed a backward trend, and motor and equipment, as well as chemicals, fertilizers, tobacco and sugar led the decline at gross depreciations of 1 to 4 per cent.

Oils, rubbers, junior steels and the less prominent food specialties all seemed to draw their irregular recovery from the same source. The pools, but broke sharply in the final hour, Mexican Petroleum was most adversely affected, a heavy tone prevailing in the market. Sales amounted to 47,000 shares.

Because of the light inquiry for funds, call money fell from 5 1/2 to 5 per cent before noon. In the open market, these accommodations were obtainable at 4 1/2 per cent. Sterling was firm, as also were Dutch, Italian and Scandinavian bills, but French and Belgian rates eased, and all central European quotations were adversely affected by the break in German and Austrian exchanges.

The better trend of the bond market confirmed the impression prevalent in many quarters, that investment money continues to seek an outlet. Domestic rail and industrial issues were mainly higher with various foreign issues. Liberty issues showed mixed gains and losses. Total sales, par value, \$15,662,000.

CHICAGO BOARD
Cotton at close yesterday and at the opening today resulted in rather general selling of wheat at the start of trading on the board today with prices off 1 to 2 cents. September finish, with May leading. Trading was fairly active and prices changed rapidly. There was a good class of wheat, but the market was not opened at 12 1/2¢; December at 12 1/2¢ to 13 1/2¢; and May at 12 1/2¢ to 13 1/2¢.

The market rallied slightly toward the end of the first hour when prices were only 1/4¢ to 1/2¢ off last night's finish.

Corn opened 1/4¢ to 1/2¢ lower with September at 54¢ and May at 53¢ to 54¢. There was a small slump directly after the opening, but the market rallied when fair buying developed. The hour after the opening the market was only a shade off last night's finish and displayed steadiness.

On wheat off the start in sympathy with other grains, opening 1/4¢ to 1/2¢ lower, with September at 34¢, December at 35¢ and May at 41¢. United Eastern wheat prices were unchanged to a shade above last night's finish.

Provisions were lower owing to free local selling and stop orders.
